SHRINERS GO TO NIAGARA.
Moolah Temple Will Participate in Exhibition Drill.

One hundred Shriner members of Moolah Temple, A. O. U. M. S. Temple, will leave for Niagara Falls, N. Y., on Saturday, June 25th, for the annual national convention.

The special train upon which the Shriner travel is one of the most comfortable and complete that has gone out of Union Station for several months.

The Shriner will appear in the grand exhibition drill during the session at Niagara Falls. Accompanying the party is W. A. W. Temple, who will be in charge of the exhibition drill.

Only a few minutes before the Shriner leave, the Shriner will appear in the grand exhibition drill during the session at Niagara Falls.

ROYAL ARCANUM MEMBERS WILL HOLD MASS MEETING

Members Who Are Dissatisfied With New Rates Adopted by Supreme Council Will Lodge Protest—Official Statement of Organization Gives Reasons for Change, and Says That It Was Absolutely Essential.

GRAVE CHARGES BEING MADE BY SOME MEMBERS OF ORDER.

REPUBLIC SPECIAL.

New York, June 18.—Plans are being perfected to have a great mass meeting to take place here the latter part of this week or early next week, to emphasize the protest of many members of the Royal Arcanum against the new rates adopted by the supreme council at Atlantic City in May.

Although officers of the association assert that the agitation will blow over, the opposition appears to be growing, especially in New York and Brooklyn.

In the official organ of the organization which has just appeared, members are told that in no circumstances will there be any revocation or even modification of the decision of the supreme council. It is asserted that unless such a decided increase in the premium rate as was ordered had been made, it would only be a short time before the order would have to go out of business.

"The net revenue from the present scale assessment," says the official statement, "during the last two years was not sufficient to pay the mortality claims the surplus in the current cash account had been exhausted, and the emergency fund exhausted at the time of the meeting of the supreme council. This made it evident that one of three things must be done—either raise the rates, go back to the policy of calling extra assessments or use up the emergency fund."

Experts had assumed the administrative officers of the order had been operating with a loss for some time. The experience of the order had been operating with a loss for some time. The experience of the order had been operating with a loss for some time.

"A mortality table was constructed from this experience and rates reduced to compensate for the loss," says the statement.

"Before the present scale of assessment, which took effect August 1, 1898, had been in operation, it was evident that it was operating with a loss for some time. The experience of the order had been operating with a loss for some time.

"The present scale of assessment, which took effect August 1, 1898, had been in operation, it was evident that it was operating with a loss for some time. The experience of the order had been operating with a loss for some time.

BROADWAY, COR. LOCUST, ST. LOUIS

CALLS FOR DOCTOR AFTER TAKING ACID

Mrs. Lizzie Whitaker, Brooding Over Domestic Troubles, Drinks Fatal Dose of Drug and Dies Within Three Minutes.

After swallowing two ounces of carbolic acid yesterday afternoon, of which she had been drinking for some time, Mrs. Lizzie Whitaker, 22 years old, of No. 224 Randolph street, ran to the door of her bedroom and called to an occupant of the house to run for a doctor. The woman died, however, before a physician or an ambulance arrived.

Constantly brooding over the death of her son, which occurred several months ago, and because her husband, Harry Whitaker, deserted her, it is believed, prompted Mrs. Whitaker to end her life. Her determination to do so, however, is supposed to have been sudden.

Only a few minutes before she swallowed the acid, Mrs. Whitaker, a young woman, was in the kitchen, where she was preparing a meal.

Mrs. Whitaker, who had been drinking carbolic acid for some time, ran to the door of her bedroom and called to an occupant of the house to run for a doctor.
